

## EXPERIENCE

**2023 - 2024**     **gpalcreative**  
Marketing Agency - Internship

Assisted in managing several business's social media accounts by creating posts, — many of which were graphic based — writing captions, creating reels, scheduling posts and designing logos. Aside from client work, I also wrote blog posts and designed other content for the company itself.

**2017 - 2023**     **Neighborhood Babysitting**  
Babysitter

Cared for neighborhood children ages 1 to 12, ensuring a safe and nurturing environment. Organized activities that supported their physical, emotional, and social growth. Prepared meals following parental dietary instructions and managed the children's daily routines, including educational activities and playtime. Helped with homework and school projects to support their learning. Communicated regularly with parents about the children's daily activities and progress.

**2017 - 2021**     **Let's Make Music and Dance Studio**  
Dance Teacher and Assistant

Utilized my previous 6 years of dance experience to assist head dance teachers instruct choreography and skills to a large range of age groups from ages 5-18 years old. The genres of dance varied from hip hop, tap, ballet, jazz, etc. I later went on to utilize my assisting skills to lead classes and my school dance team on my own to teach my personal choreography.
